OBJECTIVE

Seeking an entry-level position as a Software Developer where I can apply my skills to develop efficient solutions and grow as a professional in the IT industry.

INTERSHIP

- One month internship with Encryptix in Java Programming.

EDUCATION

- **Master of Computer Applications (MCA)**

Chhatrapati Shahu Ji Maharaj University | 2023-2025

- **Bachelor of Computer Applications (BCA)**

Chhatrapati Shahu Ji Maharaj University | 2019-2022

- **Intermediate**

UP Board | 2019

- **High School**

CBSE Board | 2017

SKILLS

- **Languages:** C, Java, HTML, CSS, MySQL
- **Technologies:** JDBC
- **Soft skills:** Problem-Solving Skills, Leadership, Time Management

PERSONAL PROJECTS

MedDoc Pro(Web Application)

- It is a Java-based healthcare application that simplifies the consultation process. Users can fill out a form describing their issues, browse a list of specialized doctors, and book a consultation slot seamlessly. Designed for efficiency and user convenience, it bridges the gap between patients and healthcare professionals effectively.
- **IDE** Tools like Netbeans **Database** tools like MySQL

UniversityManagement System (Java)

- Built a project to create bills, view fee records, add courses, and check course fees offered by the campus using Java, Swing, AWT, and JDBC with MySQL.
